Course Update

August is here, and with it comes the heart of the summer season. This is the month when we start to see the rewards of all the hard work we've put in throughout the spring and early summer. The greens are rolling at their absolute best, and the rest of the course has really come into its own. It's always rewarding to see the course performing the way we know it can.

That being said, Mother Nature continues to throw challenge after challenge our way. Since the start of the season, the creek has breached its banks three separate times, and we continue to battle ongoing flooding. Much of the surface water across the course has also been slow to drain due to the saturated ground and the shallow nature of the standing water. To add to the challenges, the last few days have brought hurricane-force wind gusts of up to 100 km/h, leaving parts of the course looking like a bit of a war zone. Numerous trees have been damaged or brought down, and cleanup will take time as we work through it safely and methodically.

Despite these setbacks, our team remains committed to providing the best possible playing conditions. We appreciate everyone's patience and understanding as we continue to recover from the weather and keep the course moving in the right direction. Thank you for your continued support, and we hope you enjoy the course throughout the remainder of the summer.

Stewart Alfred Hennig Memorial Father's Day Golf Tournament

It took two tries but we managed to pull off a successful Father's Day tournament on Sunday, July 12th! Thank you to all that participated, especially for your patience while we found another suitable date to hold the event. The sun was out this time and everyone brought the energy. It was so wonderful to see the friendly competition and camaraderie on the green. Thank you again to Scott Hennig and family for their continued sponsorship of this long-standing, and local favorite, event!
